

Wai ZHI GIO | MANUFACTURING TECHNOLOGY ENGINEERING

Phone: +6010-8275811 | Email: waizhigiowork@gmail.com | [linkedin.com/in/wai-zhi-gio-manufacturing](https://www.linkedin.com/in/wai-zhi-gio-manufacturing)

Address: Jerantut, Pahang, Malaysia

Carrer Objective

Motivated Manufacturing Technology Engineering student seeking an internship opportunity to apply academic knowledge in real-world manufacturing environments. A passionate learner eager to push boundaries and enhance competencies through hands-on experience and technical training in machine learning, Internet of Things (IoT), and industrial automation.

Industrial Training

Manufacturing Engineering Intern – Mun Hean (Malaysia) Sdn. Bhd. Petaling Jaya, Selangor | Aug 2023 – Dec 2023

- Completed NIOSH NTSP Safety Passport certification
- Assisted in electrical testing and inspection of MV capacitor banks under supervision of site engineers.
- Prepared TNB site layout drawings to support project planning and equipment placement.

Education

University Malaysia Pahang Al-Sultan Abdullah – Pekan, Pahang, Malaysia	10/2021- Present
• Bachelor of Manufacturing Engineering Technology (Industrial Automation) with Honours	CGPA:3.36
• Diploma Manufacturing Engineering Technology	CGPA: 3.71

Academic Projects

Design a hydraulic or pneumatic system (Induction Automation)

- To design a system for efficient material classification and distribution
- Able using simulation Software as Fluid Sim and using hardware integration with PLC to build the system

Real-Time Rain Sensor Detection & Servo Control (Automated Manufacturing System)

- Developed a real-time monitoring system using LabVIEW to detect rain sensor signals
- Implemented control logic to trigger servo motor actuation based on sensor input
- Integrated data acquisition and actuator control for automated response

Skills

Technical Skills

- **Engineering Tools :** Solidwork, AutoCAD, PLC Programming (Basic), LABVIEW
- **Programming :** C, C++, Python, MATLAB
- **Soft Skills :** Teamwork, Problem Solving, Time Management

Honor & Activities

- Certified Entry-Level Python Programmer (PCEP-30-02) (2025)
- Dean's List, Semester 2 (2025)
